RE: **Stage 1** - LEED

To Whom It May Concern:

Nox-Crete Inc. is committed to developing products that support environmentally responsible construction practices and enhance safety for end users. Our team continually works to improve material performance while meeting the evolving sustainability needs of the building industry.

## **MATERIALS AND RESOURCES CREDIT LEED v4.0/v4.1 MRc3:BPDO**

By using building materials or products that have been extracted, harvested or recovered, as well as manufactured including **Stage 1** within 500 miles of the project site for a minimum of 10% (5.1) and a minimum of 20% for (5.2) (based on cost) of the total material value. **Stage 1** is manufactured in Omaha, NE

## **RECYCLED CONTENT LEED v4.0/4.1 MRc3- Sourcing of Raw Materials**

**Stage 1** is produced using non-recycled post-consumer materials. However, the 55-gallon drums that contain **Stage 1** are 100% recycled.

## **Indoor Environmental Quality (EQ)**

**Stage 1** has been tested by Berkeley Analytical for VOC emissions. Test results and certification documentation are available upon request to support EQ Credit compliance where applicable.

## **ADDITIONAL LEED CREDIT CATEGORIES**

This product may also contribute to the acquisition of additional LEED credits beyond what is indicated here. Additional information regarding this, as well as Nox-Crete's commitment to building green and our support of the efforts of the U.S. Green Building Council, can be found by visiting our website at [www.nox-crete.com](http://www.nox-crete.com).

For additional technical support, please contact our Customer Service Department at (800) 669-2738.

Sincerely,

A handwritten signature in black ink, appearing to read "N. Guerra", is written over a light blue background.

Nathalie S. Guerra  
Regulatory & Sourcing Specialist
